Cooperative inspected and certified since (year):		
Inspection body:		
Date of recent external inspection:		
Product(s):		
Contracting export company:		
Contracting Swiss importing company (if known):		

1. GENERAL / DEFINITION

- The producer group has joint structures (e.g. marketing, advisory service)
- The cropping areas are cultivated by small farmers:
 - at least 50% of the holdings are 0-5 ha in size
 - at least 70% of the holdings are 0-10 ha in size
 - 100% of the holdings are 0-25 ha in size

Definition WHOLE-FARM APPROACH:

All lands (except plots for subsistence growing) are organically farmed and inspected. Livestock husbandry (except for subsistence) is inspected and complies with IFOAM standards at least.

- All members of the cooperative comply with the above definition
- Only a selection of members within the cooperative complies with the above definition
 - A list of this members is added
 - Separation in harvest, processing and trade and full retraceability of the products of this selected members is guaranteed.
